

# VACTEST DCC 400 / DCC 400 D

Digital transmitter

VACUUM SOLUTIONS

## Intelligent

Measurement range ( $2 \cdot 10^{-3}$  mbar to  $5 \cdot 10^{-9}$  mbar), state-of-the-art microcontroller technology, fully customizable parameters

## Reliable

High industrial standards, robust construction, insensitive to contamination and oil vapors

## Efficient

Modular design, plug and play sensor for maximum uptime

Accessories, spare parts and options

- Replacement sensor
- Active Sensor Controller
- Connecting cable
- RS485 interface converter to Bluetooth
- RS485 interface converter to USB
- Electrical power supply
- Calibration certificate
- VACTEST Explorer Pro
