

# ZEBRA RH 0030-0090 B

Two-stage oil-lubricated rotary vane vacuum pumps

VACUUM SOLUTIONS

## Reliable

Specially designed for a wide range of applications in the medium vacuum range, robust construction, proven rotary vane vacuum technology

## High performance

Stable pumping speed even in low pressure range

## Quiet

Perfectly suited for research labs and low-noise working environments, only 60 dB(A) at 50 Hz

### Accessories

- Inlet filter
- Oil mist separator
- Oil return line
- Gas-ballast valve
